Date Released: 04/30/2007

Jim Skelton <http://jimskeltons.com/video-email> Create video emails that will impress everyone.

Around the country, there are hundreds of companies competing for the same customers. How can you persuade a customer to buy from you instead of your competitor? And, letting them see your product for themselves on Talk Fusion.

Now, for the first time, you can present your product in all of its' glory and show just why they should be buying from you. Mere photo's and text do not even come close to the emotional impact of full color plus great sound.

Be the first in your industry to harness the power of Video Email. Build better business relationships by letting them actually see you, your product and services. you can now have a true competitive edge by keeping your customers informed about new products, new trends and new technology.

It takes just a few minutes to compose and send a video email that allows your customer to view your latest product, send out customer promotions, advertise any specials, thank your client for past business or send out holiday greetings: the uses are endless!

You will also have the ability to schedule when your messages will be sent. Talk Fusion is quick, effective and will save you money.

Talk Fusion works with broadband or dial-up and you can use a web cam or video camera. Customers viewing your video email can do so without any additional software or downloads. You may choose from our extensive video library of professional recorded video clips that will enhance your business.

Such as thanking them for a recent purchase, must have new products, it's Valentine's Day and it's sweet savings on our latest spring merchandise on our Sweetheart Sale. In checking our calendar, we noticed you have an appointment coming up with us.

Or, if you prefer, we can produce a message designed just for you from our state of the art production team. Talk Fusion allows you to create your own customized marketing video email with a simple click of a mouse. Choose your colors, select your graphics, insert a banner, upload your company's logo or you can choose from our extensive library.

You can add personal messages and even insert links to your website. You can change your colors anytime, add different pictures and even change the font to match your message. Talk Fusion is available to your business at a fraction of the cost compared to the traditional media advertising such as newspaper, radio, post cards and other printed materials.

You will also have the ability to see if a customer clicked on your website or any special offer links that may have been included in Video Email. Talk Fusion, Changing the way the world does business.

To get in on this pre-launch special, visit our site at Talk Fusion(<http://jimskeltons.com/video-email>) and lock in your position now.
